Westcliffe Company Announces an Earth Friendly Way to Celebrate Life's Special Occasions—*Party Favors that Help Restore Nature's Balance*

Dateline: Westcliffe, CO—April 1—On March 24, Debra Whiteing and John Heasley of Forever Wildflowers opened Celebrate with Wildflowers on the internet at www.celebratewithwildflowers.com. They create personalized cards attached to velvet pouches containing glass vials of wildflower seeds that are gathered for specific geographic regions.

From Weddings to Birthdays, to Celebrating Earth Days—Celebrate with Wildflowers is the Perfect “Green” Choice for Favors and Remembrances

As people are becoming more conscious about the products they use for the short or long term, it is important for them to buy things that have a positive impact on their lives instead of another doodad to throw in the trash after a few hours use.

Unfortunately, most party favors fall in the second category. Celebrate with Wildflowers provides party favors that will have a positive impact on the planet by creating beautiful, natural wildflower gardens in the city as well as the country.

A Quarter of a Million Pouches Sold Throughout the U.S.

In backyards, on patios, and scattered through grasslands and forests, people have planted native wildflowers to remember their special occasions and celebrations.

Celebrate with Wildflowers is helping people celebrate while enhancing the earth's natural beauty with personalized cards and soft, velvet pouches that contain geographically specific wildflower seeds. Based in Westcliffe, CO, products are available through www.celebratewithwildflowers.com or call 719-783-9099 or toll free 866-878-4762.
